DETAILED ACTION

Allowable Subject Matter

Claims 1-3 and 5-8 are allowed.

The following is an examiner's statement of reasons for allowance: Koizumi et al. teach recognizing a keyword as input in a first language. Koizumi et al. further teach that arbitrarily input sentences do not accomplish their object of supporting foreign languages. Therefore, Koizumi et al. do not teach *inputting speech of one sentence including plural words* as now required by independent claims 1 and 6. Additionally, although there are teachings of inputting speech of one sentence in a first language (such as, for example, Onishi et al., U.S. Patent 6,154,720), there is no suggestion to combine these teachings to meet additional requirements of the independent claims (such as, for example, *specifying part of said selected example by manually highlighting said at least part of said selected example*). Therefore, claims 1-3 and 5-8 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
